

K-LOVE on the LPFM station 99.1 in Wichita  
Kansas serves my family and the local  
community with uplifting and encouraging  
music and messages 24 hours a day.  
The effect would be very negative if this  
station were displaced by an LPFM broadcaster  
producing another type of programming.  
We believe the service provided by KLOVE in our area  
is producing HOPE and Courage in an age when public broadcasting  
in many cases produces stress and worry not PEACE.  
Thank you for your assistance in this matter.
